Everything You Need—Built In

One system. Multiple capabilities. Our All-In-One solution integrates Print & Inspect, Checkweighing, and Tamper Evident—seamlessly.

Best for: Speed and space optimization, delivering the highest possible quality.

"If you're investing in long-term compliance and efficiency, CartonPro is the only station you'll ever need."

CartonPro™

Model shown with integrated Tamper Evident and Checkweigher options

CartonTracker™

Built to Fit Your Line — and Your Goals

Inspect and print on up to three sides, support serialized and non-serialized products, integrate easily, switch formats without tools, and start fast with turnkey installation.

Best for: Companies that need reliable serialization today, with the flexibility to scale compliance requirements as needed.

"This is the sweet spot — it's fast, field-proven, and can grow with your line."

Fast ROI, Low Complexity

Optimize performance without overengineering. Our modular All-In-One system delivers fast setup, minimal training, and low maintenance.

Best for: Cost-conscious without compromising on speed and quality.

"Get started with confidence — meet regulations today, without overengineering."

CartonLite™

With over 35 years of serialization expertise, OPTEL delivers solutions that are audit-ready, globally compliant, and built for the future.

Flexible. Scalable. Proven.

Start with what you need today — then scale fast as your production and compliance demands grow.

Ready to optimize your line?
