

TURNKEY TRACK & TRACE SOLUTIONS

BUILT FOR COMPLIANCE. ENGINEERED FOR RELIABILITY.

YOUR TRUSTED PARTNER IN PHARMA TRACEABILITY

With 35+ years of experience, OPTEL delivers proven, scalable solutions for serialization, vision inspection, and regulatory compliance. As your single, accountable partner, we help you stay audit-ready, minimize downtime, and grow with confidence.

COMPLIANCE DELIVERED TURNKEY

OPTEL delivers fully integrated, turnkey solutions that take the complexity out of compliance. As your single vendor, we provide both hardware and software designed to meet global regulations like EU FMD and DSCSA—streamlining deployment and scaling seamlessly with your operations.

AUTOMATION THAT BOOSTS PERFORMANCE

Maximize uptime. Minimize manual work. From AI-powered vision inspection to collaborative robotics, OPTEL's automation solutions streamline operations, reduce errors, and solve labor shortages—delivering rapid ROI and smoother production lines.

24/7 SUPPORT. GLOBAL REACH. LOCAL TOUCH

Support that shows up. Our dedicated customer success teams speak your language, operate in your time zone, and resolve issues fast. From go-live to scaling globally, you're backed by real people who know your line inside and out.

LEVEL 1: DEVICES

Hardware for Serialization and Aggregation

- Serialization and tamper-evidence capabilities
- Manual, semi-automatic and automatic configurations
- Supports bundle, case and pallet-level aggregation
- Designed to ensure packaging compliance at every level

LEVEL 2: LINE SERIALIZATION SOFTWARE

LineMaster™

- Flexible, line-level serialization software
- Seamless integration with any level 3 system
- Engineered for fast deployment and smooth operation
- Built to meet global serialization and regulatory requirements

LEVEL 3: SITE SOFTWARE

Open SiteMaster™

- Centralized IT platform for managing plant-wide serialization and production flow
- Connects to Levels 1, 2, and 4 for unified data control
- Fully compliant with international serialization regulations

LEVEL 4: CORPORATE-LEVEL SERIALIZATION

VerifyBrand™

- Connects to any Level 5
- Connects to national authorities
- Integrated with third-party systems (ERP, WMS, and other vendors)
- Advanced real-time data analytics

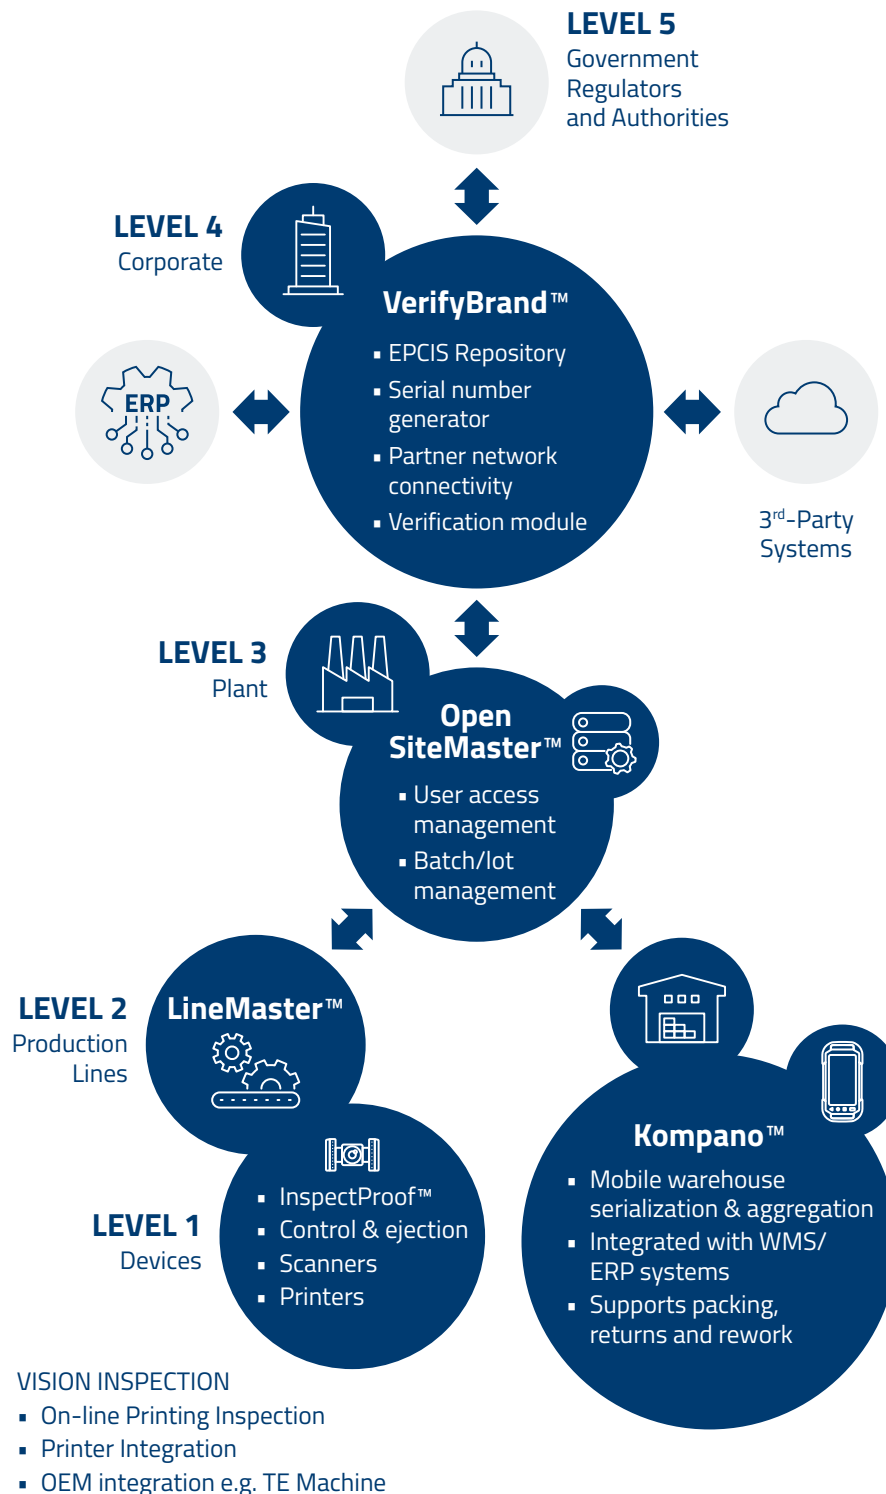

LEVEL 5: PHARMA SUPPLY CHAIN MONITORING

- Government regulations level for reporting serialization/aggregation data for national authorities
- Compliance with global government regulations
- Automatic processing, reporting and verification to national database
- Auto-upload of serialization data

BUILD A CONNECTED, COMPLIANT PHARMA SUPPLY CHAIN

WHY PHARMA LEADERS TRUST OPTEL

Turnkey, Fully Integrated Systems

Network Resilience with Seamless Integration from L1 to L5

Transparent Pricing and Scalable Options

Flexible, No-Lock-In Architecture
